After its success last March in bringing together the major urban development and real estate investment companies in Libya and the leading engineering and Architecture firms, THE URBAN EXHIBITION AND FORUM is heading to the Turkish economic capital Istanbul, to search there for real partners and build bridges of cooperation to transfer knowledge and expertise in the urban development and real estate investment sector.

The event will be held in the luxurious Elite World Europe Hotel, in the heart of Modern Istanbul on 3, and 4 October

THE URBAN EXHIBITION AND FORUM ISTANBUL 2022 will provide a very distinguished platform for architects, planners, and real estate developers to meet, network, and attend world-class panel discussions, lectures, and presentations, from pioneering expertise in the urban rehabilitation and development, with the presence of government officials and decision-makers from the largest public and private real estate developers.

This event will be the only platform for international companies to meet with top Libyan real estate developers, and officials from the Ministries of Housing, Economy, Urban Authority, and Several Municipalities Meyers .
